

MRX™

Modular Banknote Recycler

Banknote Validator/ Recycler/Dispenser

- Retail/Cash Management
- Finance/Banking
- Transportation/Parking
- Payment Terminals

MRX is a truly modular banknote recycler from JCM for a wide range of payment terminals. Its flexibility and high-speed operation make MRX an ideal component for every application.

HIGH-SPEED PROCESSING

- 2 notes per second for accepting and dispensing

BULK NOTE FEEDER/ PAYOUT

- Single-note feed, bulk-note payout (up to 15 notes)
- Bulk-note feed model also available

MULTI-NOTE ESCROW

- 15-note escrow returns the same notes when transaction is cancelled

MODULAR DESIGN

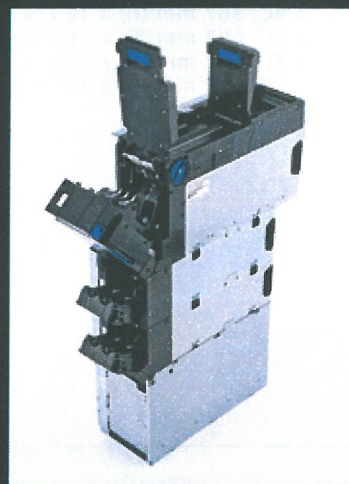

- Modular design allows flexible configurations for nearly all applications
- On-site module replacement minimizes the machine downtime

HIGH CAPACITY CASSETTE

- 2,200-note collection cassette

RETRIEVAL BIN

- Unremoved banknotes can be retrieved into an independent bin to keep the machine running
