Touch monitor 21.5" open frame

Essential design and well industrialized

21.5" open frame monitor, with 2mm touch bonded to the TFT, without a back cover for integration into the customer's machine. The Anti-Glare treatment allows for better light distribution and improved screen visibility. Equipped with HDMI/VGA/DP video interfaces, remote management option via USB B for remote control of TFT specifications, and the ability to activate accessories such as light, temperature, vibration, and proximity sensors.

Touch monitor 21.5" open frame
